

Project no. 018340

Project acronym: EDIT

Project title: Toward the European Distributed Institute of Taxonomy

Instrument: Network of Excellence

Thematic Priority: Sub-Priority 1.1.6.3: "Global Change and Ecosystems"

D2.5 First version of the online information structure on societies and networks

Due date of deliverable: February 2007

Actual submission date: February 2007

Start date of project: 01/03/2006

Duration: 5 years

Organisation name of lead contractor for this deliverable: 19 - CUB

Revision [draft]

Project co-funded by the European Commission within the Sixth Framework Programme (2002-2006)		
Dissemination Level PP		
PU	Public	
PP	Restricted to other programme participants (including the Commission Services)	X
RE	Restricted to a group specified by the consortium (including the Commission Services)	
CO	Confidential, only for members of the consortium (including the Commission Services)	

Prototype of the online search service of taxonomic societies was compiled, tested and published at <http://zoology.fns.uniba.sk/edit>

Structure of information to be collated:

Identity of the institution

name in English & acronym of English name

name in native language & acronym

transliterated native name:

other names of the society

splitting from other institution etc.

regional character: e.g. global, international, national, regional

Head office information (street, zip, city, country, phone, fax, e-mail of the society, website of the society:

Representatives of society

name of top representative, position within the society: e.g. director, chairman, head, etc., e-mail:

secretary of the society, email of the secretary:

number of members:

type of membership: e.g. open, invited members, restricted, etc.

platform of society: e.g. NGO, LTD, informal, etc.

main and additional sources of the budget:

average annual budget:

foundation year:

number of professional staff:

affiliation to international bodies: relevant in case of national branches, ...

Activities of society

taxonomic scope:

geographic scope:

habitat/environment scope:

projects in field of taxonomy:

main activities of society:

journal published by society and website of this journal

services maintained by society - e.g. databases, regular meetings, conferences (including websites of these services)

support of taxonomy: describe the way your society supports the taxonomic research and knowledge

comments:

Database is programmed in way to ensure updatability by authorised person from the society.

First version of prototype was prepared in Month 6 (September 2006)

Meeting in Copenhagen on the structure and functionality – Month 8 (November 2006)

Second version of prototype was launched in Month 9 (December 2006)
